

Kiona Vineyards and Winery Logo and Identity Usage Guidelines

The use of Kiona's script logo is permitted for use as a means to promote the wines, winery, vineyard, or other associated activities of Kiona Vineyards and Winery. The use of Kiona Vineyards and Winery's script logo is not otherwise permitted.

The logo consists of two distinct parts, the "Kiona" script and the "VINEYARDS" block text below it. The two elements are not to be separated or used separately. Do not move or rearrange the two elements.

Please maintain the height-to-width ratio indicated above (1:2.6). When resizing, the height-to-width ratio must be locked. It is not acceptable to squish, skew, rotate, or otherwise distort the dimensions of the logo in any other way.

No colors other than black (#000) and white (#FFF) may be used for the "Kiona" script and the "VINEYARDS" block text. The background color/canvas can be altered to match existing color schemes.

The name of our business is Kiona Vineyards and Winery. When referring to the wines, winery, vineyards, or other associated activities of Kiona Vineyards and Winery in written or spoken word, we ask that our full name is used.

Thank you for helping us maintain a consistent brand identity. If you have any questions, please contact:
