Kiona's tasting room offers sweeping panoramic views of our estate vineyards and the Yakima Valley. With vaulted wood ceilings, granite tasting bars, Terrazzo-style concrete floors, and a large expanse of windows, it's hard to imagine a better place to enjoy a glass of wine. A unique viewing window lets you visually experience the equally impressive 10,000 square-foot underground barrel cellar.

Outside, you'll find a covered patio overlooking the vineyards - perfect for an afternoon picnic lunch. If you're feeling hungry, we have a selection of fine meats and cheeses (along with chilled wines) that are available for purchase.

A number of local artists are featured in our art gallery, including Ted Neth and the internationally acclaimed photographer John Clement.
