BUYING GUIDE

91 **Kiona 2008 Cyclops (Red Mountain).** Cyclops is 80% Red Mountain Syrah, with Grenache, Mourvèdre and some Roussanne filling out the rest. It might have been forged in steel, as it captures the core of metal and mineral, the stiff tannins, and the compact, dense red and black fruits of the AVA. Bright, tart berry fruit is underscored with light suggestions of clean earth. *Cellar Selection.* —P.G.
