RED MOUNTAIN AVA

2014

ESTATE RED MOUNTAIN Riesling

RED MOUNTAIN ORIGINALS

In 1975 our family planted the first vineyard on Red Mountain, an area now known for producing some of the world's most powerful, opulent wines of distinction. For three generations we've worked side by side, hand in hand to craft exciting, vineyard-driven wines that capture the essence of Red Mountain.

VINEYARD PROFILE

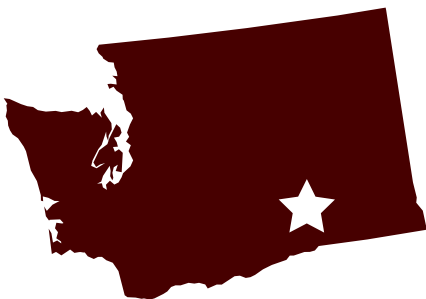

While Red Mountain is known for big, powerful red wine, it's also an exceedingly good place to grow white varietals. This fan-trained, old-vine Riesling block (planted 1975-76) is amongst the oldest in the AVA. We believe it is the only Riesling planted on Red Mountain; its wines have delighted us for four decades.

WINE PROFILE

The Riesling planted at our Kiona Estate vineyard produces wines with well-developed bright fruit characteristic and pronounced minerality, both of which are representative of Red Mountain fruit in general. We emphasize acidity over sugar when making picking decisions, a philosophy that ensures the wines are crisp, clean, and well-balanced.

VINTAGE NOTES

The 2014 vintage was one of the warmest on record. Flavors and sugars developed rapidly, producing wines with lots of power and depth. Most varietals were picked ahead of schedule.
